

Schedule Repository Information (as of January 15, 2021)

How to Submit a Schedule

Need three files: League Overview, Schedule Report, and Exported Schedule.

Top menu, League -> Display Reports. Save League Overview as overview.PRT

Top menu, League -> Display Reports. Save Schedule Report as schedule.PRT

Top menu, League -> Schedule Maintenance... Click Export button. File saved in Export folder.

Email the three files to info@netplaybaseball.com

In email body, provide:

of teams

of leagues

of divisions

Games per team

of Intra games vs each opponent. Intra would be games within league or division.

of Inter games vs each opponent. Inter would be games outside league or division.

Notes – please explain general info about the schedule. See web site Notes for examples.

Web Site Repository Information

The Overview and Schedule PRT files are informational to help you build your schedule.

The Exported.TXT file is what needs to be updated to match your league. Most likely you will need to rename the 3-char team abbreviations to match your league.

To import your updated file, top menu, League -> Schedule Maintenance... Click Import.

Title Info

Block = Block Schedule. Meaning all series start and end within the same date range. Most block schedules series do not overlap a month. And most block schedules have six blocks (Apr, May, Jun, Jul, Aug, Sep).
